Please accept the policy: You are responsible for maintaining the confidentiality of the password and all activities that occur under your username and password. Cisco Systems offers the Service for activities such as the active use of e-mail, instant messaging, browsing the World Wide Web and accessing corporate intranets. High volume data transfers, especially sustained high volume data transfers, are not permitted. Hosting a web server or any other server by use of our Service is prohibited. Trying to access someone else's account, sending unsolicited bulk e-mail, collection of other people's personal data without their knowledge and interference with other network users are all prohibited. Cisco Systems reserves the right to suspend the Service if Cisco Systems reasonably believes that your use of the Service is unreasonably excessive or you are using the Service for criminal or illegal activities. You do not have the right to resell this Service to a third party. Cisco Systems reserves the right to revise, amend or modify these Terms & Conditions, our other policies and agreements, and aspects of the Service itself. Notice of any revision, amendment, or modification will be posted on Cisco System's website and will be effective as to existing users 30 days after posting.

Click CONTINUE in order to be granted IMMEDIATE access to the web.

The screenshot shows a web browser window with a single tab titled "Post-Login Banner". The address bar displays the URL "https://guestportal.nccourts.org:8443/...". The browser's toolbar includes navigation icons (back, forward, refresh, home), a search icon, and various extension icons. Below the browser window, a banner features the Cisco logo on the left, the text "Guest Portal" in the center, and a user profile "jdoe" on the right. Below the banner is a white box with a "Welcome Message" section. The message reads: "Click **Continue** to connect to the network. You're very close to gaining network access." At the bottom of this box is a large blue button labeled "Continue".

User is now granted access and may access the internet.

Success

You now have Internet access through this network.
