The defendant was placed on probation pursuant to the Judgment Suspending Sentence or order to defer prosecution previously entered in this case, and was ordered as a condition of probation to perform the number of hours of community service work specified above, as directed by the judicial service coordinator, and to pay any fee listed above. Upon report by the judicial service coordinator of a significant violation of this condition of probation, upon due notice to the defendant of a hearing to determine if there is a willful failure to comply with that condition, and after such hearing, the Court FINDS that the defendant willfully failed to comply with the community service condition of probation. The Court ORDERS that the defendant's drivers license is revoked as of the date of this Order and shall remain revoked until the defendant has complied with the community service condition of the defendant's probation, as reported by the judicial service coordinator directly to the Clerk of Superior Court.

II. FINDING AND ORDER - POST REVOCATION COMPLETION DISPUTE

NOTE: If the community service staff has filed a Community Service Work Program Form DCC-CSW-2, this Section should not be completed and the Clerk should report the completion of community service work to the Division of Motor Vehicles as explained below.

Pursuant to the above Order, the defendant's drivers license was revoked because the defendant had willfully failed to comply with the community service condition of probation. A dispute has arisen as to whether the defendant has now done so. After due notice and hearing, the Court finds:

1. The defendant has complied with the community service condition of probation and is entitled to the restoration of his/her drivers license.
2. Under all the circumstances the defendant is entitled to the restoration of his/her drivers license as a matter of fairness and equity and it is ORDERED that the defendant be deemed to have complied with the community service condition of probation.
3. The defendant has not complied with the community service condition of probation, the defendant's failure is willful, and the defendant's drivers license should remain revoked until the defendant does comply with the condition.
