TO CONTEST WITHHOLDING
TO ENFORCE CHILD SUPPORT**

G.S. 110-136.4(a)(3)

I request a hearing before the district court for the purpose of contesting the withholding from my disposable wages to enforce a child support obligation. In support of this request, I show the following:

1. The county named above is the county in which a support order has been entered, or is asserted by the IV-D Agency to have been entered, directing me to pay child support.
2. I received a Notice Of Intent To Withhold from the IV-D Agency on _____ .
3. I contest the proposed withholding on the grounds of the following mistake of fact:
(one or more blocks *must* be checked)
 - I am not now, and was not at the time of the issuance of the Notice Of Intent To Withhold, in arrears in child support payments in an amount equal to the support payable for one month.
 - The proposed withholding purports to be pursuant to my request for withholding, and I did not request that withholding begin.
 - I am not the person who is subject to the court order of support for the child(ren) named in the Notice Of Intent To Withhold.
 - I do not owe the amount of current support or arrearages specified in the Notice Of Intent Of Withhold or Motion To Withhold.
