<b>ORDER</b>	
Considering the factors set forth in G.S. 15A-701(b)(7), the Court finds as a fact that the ends of justice served by granting the continuance outweigh the best interests of the public and defendant in a speedy trial and therefore grants the continuance for the reasons above. The Court orders that the following time be excluded in determining whether a trial has been held within the time limits established by G.S. 15A-701.
