1. Counsel should review the Pender County Jury Resumption Plan carefully. At each session of court, the attorneys with the next two cases scheduled for trial should have all subpoenas issued and witnesses prepared to testify.
2. Cases will be called in this order absent extenuating circumstances which must be addressed prior to the scheduled trial week.
3. There are some older cases that were not included in this trial roster because they are expected to take more than one week, which is not permitted under the current jury resumption plan. The Court may add cases to the trial roster that were previously excluded if it is determined that those cases can be heard in one week or less and will publish an updated trial list if that occurs.

This the 22nd day of October, 2020.
