The North Carolina Administrative Office of the Courts (NCAOC) Court Programs Division assists our state's courts in providing justice and increasing access to justice for families and individuals who face civil, child welfare, delinquency, and criminal court actions. We accomplish this through specific programs and services, many of which create pathways for resolving conflict in a less adversarial, more effective way.

Programs that are supported by NCAOC Court Programs staff and field staff include:

- Alternative dispute resolution services
- Child custody mediation
- Interpreting and translation services
- Unified family courts
- Access and visitation for non-custodial parents
- Treatment / recovery courts
- School Justice Partnerships
- Disability access
- Jury support

Other critical programs that are supported solely by NCAOC Court Programs staff include:

- Juvenile court improvement program
- Domestic violence
- Human trafficking
- Judicial Fellowship program

At the heart of our programs is providing information, advice, support, and solutions to court officials and staff on a daily basis. We are dedicated to making available tools, services, and training to advance the efficient management of court resources; providing research and best practices; communicating, collaborating, and partnering with stakeholders; identifying, encouraging, and supporting innovations in court management, services, and programs; and modeling performance measurement and accountability for outcomes of programs.
