DISPROPORTIONALITY

- On average, Black students are **twice** as likely as their peers to receive a SBO.
- Based on **2019 calendar year** data, black students are referred to court at the following rates:
 - Brunswick – 2x more likely
 - Greene – 1.4x more likely
 - Lenoir – 1.9x more likely
 - Mecklenburg – 2x more likely
 - New Hanover – 4x more likely
 - Stanly – 2.5x more likely
 - Wayne – 1.6x more likely

NEXT STEPS

- Share data analysis with applicable counties for SJP program evaluation and review
- Develop plan for ongoing, statewide data collection and analysis
- Revise and update SJP Toolkit in collaboration with SJP stakeholders
- Consider legislative proposals to strengthen the SJP program
