

Commissioners Survey 2026

The North Carolina Human Trafficking Commission (NC HTC) is North Carolina's legislatively mandated leader to address human trafficking. In order to efficiently and effectively support the efforts of the NC HTC's overall mission, we would like to hear input from each commissioner on your areas of focus to address human trafficking in North Carolina. Please provide your response to each of the questions and prompts listed below. Your input is invaluable and vital to this effort, please do not hesitate to reach out with any questions, comments or suggestions regarding this survey and process.

This survey will take approximately 5-10 minutes to complete. Please respond to this survey by Monday, June 8th, midnight.

Thank you for assisting the NC HTC as we work together to combat human trafficking in North Carolina.

Fields marked with an asterisk (*) are required.

Name *

NC HTC Statutory Powers

- To receive funding on behalf of the State to examine and combat human trafficking;
- To commission, fund, and facilitate quantitative and qualitative research and to create measurement, assessment, and accountability mechanisms;
- To inform and educate law enforcement personnel, social services providers, and the general public;
- To suggest – and provide assistance and review – with new policies, procedures, or legislation;
- To develop regional response teams; and
- To identify gaps in law enforcement or service provision and recommend solutions.

[N.C. Gen. Stat. § 143A-55.10 \(2013\)](#)

Which of the Human Trafficking Commission's statutory powers is the Commission currently taking the most action on as the Commission operates today? Rank in order of most action 1-6, with 1 being "most action."

To receive funding on behalf of the State to examine and combat human trafficking *

Rank in order of most action 1-6, with 1 being "most action." If you would rank two powers at the same activity level, please repeat that chosen value and skip the next lowest value in your rankings.

To commission, fund, and facilitate quantitative and qualitative research and to create measurement, assessment, and accountability mechanisms *

Rank in order of most action 1-6, with 1 being "most action." If you would rank two powers at the same activity level, please repeat that chosen value and skip the next lowest value in your rankings.

To inform and educate law enforcement personnel, social services providers, and the general public *

Rank in order of most action 1-6, with 1 being "most action." If you would rank two powers at the same activity level, please repeat that chosen value and skip the next lowest value in your rankings.

To suggest – and provide assistance and review – with new policies, procedures, or legislation *

Rank in order of most action 1-6, with 1 being "most action." If you would rank two powers at the same activity level, please repeat that chosen value and skip the next lowest value in your rankings.

To develop regional response teams *

Rank in order of most action 1-6, with 1 being "most action." If you would rank two powers at the same activity level, please repeat that chosen value and skip the next lowest value in your rankings.

To identify gaps in law enforcement or service provision and recommend solutions. *

Rank in order of most action 1-6, with 1 being "most action." If you would rank two powers at the same activity level, please repeat that chosen value and skip the next lowest value in your rankings.

**According to what you see as the needs and focus of the Commission, rank the statutory powers in order of importance for increased efforts and activity?
Rank in order of importance 1-6, with 1 being "Most Needed."**

To receive funding on behalf of the State to examine and combat human trafficking *

Rank in order of importance 1-6, with 1 being "Most Needed." If you would rank two powers at the same level of importance, please repeat that chosen value and skip the next lowest value in your rankings.

To commission, fund, and facilitate quantitative and qualitative research and to create measurement, assessment, and accountability mechanisms *

Rank in order of importance 1-6, with 1 being "Most Needed." If you would rank two powers at the same level of importance, please repeat that chosen value and skip the next lowest value in your rankings.

To inform and educate law enforcement personnel, social services providers, and the general public *

Rank in order of importance 1-6, with 1 being "Most Needed." If you would rank two powers at the same level of importance, please repeat that chosen value and skip the next lowest value in your rankings.

To suggest – and provide assistance and review – with new policies, procedures, or legislation *

Rank in order of importance 1-6, with 1 being "Most Needed." If you would rank two powers at the same level of importance, please repeat that chosen value and skip the next lowest value in your rankings.

To develop regional response teams *

Rank in order of importance 1-6, with 1 being "Most Needed." If you would rank two powers at the same level of importance, please repeat that chosen value and skip the next lowest value in your rankings.

To identify gaps in law enforcement or service provision and recommend solutions *

Rank in order of importance 1-6, with 1 being "Most Needed." If you would rank two powers at the same level of importance, please repeat that chosen value and skip the next lowest value in your rankings.

General Questions

The commission has discussed launching working groups that are called upon for specific, time-limited, tasks. Are there working groups needed at this time? If so, what are they? *

What are 3 key issues or topics impacting our state that need addressed in future commission meetings? *

- ☐ Creative Approaches
- ☐ Urgent Regional Issues
- ☐ Data Collection
- ☐ Capacity
- ☐ Identification
- ☐ Prosecution
- ☐ Prevention/Demand
- ☐ Increased funding to address human trafficking
- ☐ Vetting of Service Providers
- ☐ Service Provision
- ☐ Sextortion
- ☐ Child Sexual Abuse Material
- ☐ Vulnerable Populations
- ☐ Other

Are there specific research or surveys you believe the Commission should conduct?

Do you have recommendations for speakers or subject matter experts, or existing trainings the Commission should hear from?

Please include names, organizations, and (if known) a short description of their expertise.

What are examples of recent successes or innovative work in your field that should be shared with the full Commission?

Is there anything else you'd like to see incorporated into future meetings?

Are there any other questions, ideas, comments, or concerns you have?

☐ Send me a copy of my responses
