

National Safe Place Network Webinar

May 21, 2025
12 noon - 1 pm

Safe Place® is a national youth outreach and prevention program that designates businesses and organizations as Safe Place locations for young people under the age of 18 (up to 21 years of age in some communities) in need of immediate help and safety. Join this webinar to learn more about Safe Place and how to become a part of this community.

Haven House Services is a licensed Safe Place agency in North Carolina using the program and will share success stories and what it looks like in their community. Having this program in your area not only provides a response to youth in crisis, but also helps improve overall identification, awareness, and community development.
