Overview

In 2021, the North Carolina General Assembly allocated funding to the North Carolina Human Trafficking Commission (“Commission”) in Senate Bill 105, Session Law 2021-180 ([“The Appropriations Act”](#)).

Section [16.20A.\(a\)](#) of The Appropriations Act states that of funds appropriated in the 2021-2022 fiscal year, the sum of three million two hundred sixty thousand dollars (\$3,260,000) in nonrecurring funds shall be used to award and administer to organizations that provide direct services to victims of human trafficking.

Eligibility to Apply:

Only organizations listed in Section 16.20A(a)(6) of the Appropriations Act are eligible to apply. In addition, listed agencies must submit detailed proposals that describe the intended use of the funding awarded towards direct services to victims of human trafficking during the grant cycle. For the purposes of this RFP, direct services are described as follows:

- The organization must provide direct services to victims of human trafficking to receive a grant award.
- Awarded funding must be used to provide direct services to victims of human trafficking, including but not limited to case management, client safety planning, and client well-being services such as health, transportation, housing, education, and employment assistance.
- Prevention, education, awareness, and generalized training are not allowable costs for this section, even if that training is targeted at how to identify victims, investigate cases, or how to make reports or referrals for services. These activities are not allowable costs for awarded funding, even for agencies that provide direct services to victims.

Grant Project Period of Performance: The project period of performance will begin on date of contract execution and close two years after contract signing.

Grant Application Deadline: March 15, 2023 by 5pm.

Award Maximum:

All eligible organizations that complete the application process will be awarded equal funding. When submitting proposals, applicants should plan for a total budget of \$168,888. Depending on the number of organizations that apply, each organization may be asked to submit revised budgets to a more specific amount post-application.
