26th Judicial District (Mecklenburg County) Announces Modified Court Operations effective February 1, 2022 through February 28, 2022

In the continued interest of the health and safety of the community and court personnel, we remain committed to balancing access to justice with the ongoing public health crisis that COVID-19 presents. The scope of court operations shall be predicated upon minimum public health criteria established by Mecklenburg County Public Health. Mecklenburg County Public Health has developed community public health indicators based on the case rate per 100,000 persons and percent positivity rate, which provide a general framework for decision-making and recommendations related to superior and district court.

According to the latest [COVID-19 data](#) for Mecklenburg County, the positivity rate is 33.76 percent, with a case rate of 1,833.20 per 100,000 persons. These data metrics indicate high community spread in Mecklenburg County.

In accordance with the [Administrative Order](#) regarding district and superior court operations during the COVID-19 pandemic and Courts-Continuation of Operation Plan (C-COOP), the 26th Judicial District will continue to operate in the red from February 1, 2022 through February 28, 2022, with the following changes:
